COMMENTS FROM THE TOWN MANAGER'S OFFICE

As a last reminder to all those that wish to have their driveways tarred and have not signed a written request, they should do so by June 7th. If the request is not received by this date and should be made later, there can be no assurance that the work will be done. The tar program for this year will start about June 9th providing the weather is favorable.

There is an appropriation of \$300 for insect control. J. W. Virchow of Rockland has been employed to do this work. The cost is \$200 per acre and the coverage will be 175 acres. The work is scheduled for next week. As it depends on favorable flying weather the exact date cannot be determined in advance.

Work has been progressing favorably on the town roads since they have settled down after the spring thaw. All gravel roads have been graded at least one or more times. Considerable amount of work has been done on widening and improving the road to the Bruce Bailey residence. Application will be made later in the season to have this road accepted by the State as accepted mileage for snow removal purposes. The Town receives \$5000 per mile per year from the State for each mile that can be included in this program. Maintenance work is currently being carried out on the Chandler Hill and Bird Hill roads. The Town also maintains the Mason Township roads for the County and work has been done in that area recently.

Sincerely,
Harold L. Bean

ELEANOR GORDON GUILD

Mobile X-Ray Unit Coming June 12

The mobile X-ray unit from the Maine State Department of Health and Welfare will be in Bethel on Thursday, June 12, to conduct a free chest X-ray survey. The survey is sponsored by the Bethel Health Council and the Maine Tuberculosis Association.

Industry in the area has promoted this survey, also, as they feel their employees should have the opportunity for a chest X-ray periodically.

All persons over 15 years of age are urged to take advantage of the free X-ray. The exact time when the unit will be available will be announced in the near future.

TYLER - BENNETT

A pretty wedding was solemnized at the West Bethel Union Church May 24th in the afternoon, when Miss Betty Bennett, daughter of Mr. and Mrs. Raymond Bennett, West Bethel, became the bride of John Tyler, son of Mr. and Mrs. Leon Tyler, Gilead.

Clev. Paul Willard gave the double ring ceremony. Miss Bennett, who was given in marriage by her father, was pretty in a ballerina length wedding gown of white nylon. The skirt was ruffled from waist to hem. The nylon lace jacket had elbow length sleeves and a stand-up collar. Her finger-ring veil was of imported illusion falling from a Juliet cap of sequins and seed pearls. Her bouquet was a cane of white and gold split carnations.

The maid of honor, Miss Delores Lane, wore a pink gown of satin and lace and carried a cane of pink split carnations. Miss Margaret Tyler, bridesmaid, wore a yellow gown of satin and lace and carried a cane of yellow split carnations. The flower girl, Cherry Hutchinson, niece of the groom, wore blue and white and carried a matching cane of blue and white carnations. The ring bearer was Shane Barre, nephew of the groom.

Keith Bennett, brother of the bride, served as best man. Ushers were Donald Tyler and Kenneth Newell.

Mrs. Lawrence Lord was organist. Apple blossoms and evergreens were used as decorations. Reception was done by Mr. and Mrs. Gordon Mason.

Mr. Bennett's carriage was of pink carnations while Mrs. Tyler's was a carriage of a darker pink. A reception was held at the Church parlor following the ceremony. Miss Betty Bennett circulated the gift book. Serving were the Misses Roma Bennett, Pamela Tyler, Caroline and Colleen Tibbels.

The young couple left on a wedding trip, destination unknown. For traveling Mrs. Tyler wore a dark style dress of light blue and gold print and carried a cane of light blue and gold print. They will reside in Bethel, N. H.

MRS. LINWOOD LOWELL and her tomato plant. This picture shows the size of the plant several months ago. It has now reached a height of more than eight feet and is bearing a good sized tomato. In the meantime there have been many blossoms. At Christmas time the plant was only two inches high in soil brought in last fall from a garden for house plants.

EUGENE STEVENS

Eugene Stevens died Saturday at the Stephens Memorial Hospital, Norway, where he had been a patient seven weeks.

He was born in Norway Aug. 14, 1881, the son of Fred and Mary Sanborn Stevens. He was one of the first men appointed to the State Police force in 1921. For the next 15 years he rode a motorcycle over more than 200 miles of road.

His hobby was building small coal-burning locomotives. He made his first one in the 1920's and completed 15 locomotives.

In the thirties, he was instrumental in getting the Lake Thompson Fish and Game Association to construct one-fifth of a mile of 3 1/2 inch gauge track on the club street field on the Oxford Plains. Later the track was taken down and he moved 350 feet of it back of his home in Norway.

He is survived by his wife, the former Lucia Peabody; a sister, Mrs. Della Beal of Norway; two sons, Cecil and George Stevens of Salem, Ore.; two step-sons, Gordon and Robert Coffin; and two grandchildren.

EUGENE ANDREWS

Eugene Andrews of Norway died last Thursday at the Stephens Memorial Hospital.

He was born June 16, 1867, at Chatham, N. H., the son of Edgar and Lurinda Cummings Andrews. For the past 51 years he has lived in Norway. He was a past master of Oxford Lodge, A. F. and A. M., a past patron of the Oxford Chapter, O. E. S., a member of the Royal Arch Chapter, Oxford Council, and a member of Norway Grange.

He was a member of the Three-Quarter Century Club and had been their champion fiddler since 1947. He was known as a "left-handed fiddler" and constructed his own violin. A fine craftsman, he was in demand as a refinisher and restorer of antique furniture. He was a member of the Albany Congregational Church.

Survivors include two daughters, Mrs. Ann Wright and Mrs. Marion Back, both of Norway; a brother, Lester J. Andrews, Albany; and a sister, Mrs. Eva Merrill, Bethel. Four grandchildren and three great-grandchildren.

Funeral services were held at the Hall funeral home, South Park, Saturday afternoon, May 31, at 2 p. m. The officiating minister was in Norway. Burial was in the cemetery.

ACROSS the DESK

From the Canton Independent. President Eisenhower has launched a campaign to counteract what is called "recession fever." The businessmen believe that recession fever can grip those who have not been hurt financially and that fear of a recession can stop their purchases and make the recession much worse than it should be.

There is no question but that the future of our country, economically, is bright. We have an expanding population, an increasing number of families each year, and more jobs are averaged out over the long run. However, there is also no doubt that the present economy is suffering a recession, and there is no reason for anyone to hide that fact.

The recession should not induce those who are not hurt by it to curtail buying. In this case, the group of advertisers is performing a public service by urging people to continue their normal buying habits, or the advantage of bargains, and not be frightened into stopping their wallets closed.

We applaud the efforts of the businessmen, both those connected with national concerns, and those locally, who are working to stimulate buying and lessen the

effects of the recession. There is no necessity for the recession being any worse than it is, and a psychological factor is certainly involved in today's reduced buying.

From the Pasadena Review, South Pasadena, Calif.: The Florida State Retailers Association is sponsoring an annual National Tax Freedom Holiday and is getting groups in other states to go along with it.

Annual Tax Freedom Day, explaining the association, marks the day of the year when the average citizen has earned enough to pay his year's taxes and starts keeping his earnings.

The idea sounds great. A reminder to citizens that they have to work four full months and nearly half way into the fifth month just to pay taxes.

But have the boys thought this thing really through? The tax collector, his attention called to the fact that the citizen keeps earning and a half million of his earnings bill to himself, may think he is cheated with only \$4.50 out of every \$42 of a man's money!

Remember the old saying, boy! When you've got your head in the tax collector's mouth, let him sleep. Tax collectors don't let you up 'em off!

THE AMERICAN WAY TAXES ARE TOO LOW!

by WILLIS E. Stone
Editor, The American Way

There is no question but that the future of our country, economically, is bright. We have an expanding population, an increasing number of families each year, and more jobs are averaged out over the long run. However, there is also no doubt that the present economy is suffering a recession, and there is no reason for anyone to hide that fact.

The tax spenders have been saying "TAXES ARE TOO LOW!" Whether or not we like it, this is true because taxes have hit one out of every dollar of what is paid to the government.

And our tax spenders can prove they are not getting enough tax dollars to pay the cost of government. It is true they wish to operate it. That's why they have had to borrow \$125 billion which constitutes one national debt.

More than \$10 billion have been appropriated to the cattle program, largely used for empire building and no cattle. The Defense Department has also piled up the bill for the defense program. The Air Force has been given for several days because funds for gasoline were lacking.

The spenders can fit many essential services, constitutionally delegated to the federal government, which suffered this past year for lack of funds. These amazing conditions, plus the army drainage fund need for a reliable reliable program have been carefully addressed to the House of Representatives.

The House of Representatives has passed the Budget Message and the Budget Message is now being passed to the Senate. The Senate is now passing the Budget Message to the House of Representatives.

What was not brought out in these messages is the abundant evidence of the dollars provided to the government. The government is now passing the Budget Message to the House of Representatives.

THE LIGHT THAT NEVER DIMS

FROM OUR FILES

16 YEARS AGO

Maine's 4-H Club boys and girls were enrolled in 6,519 individual projects.

The Bethel Grammar School graduating class went to the White Mountains on their class trip. Robert Keniston was building a home on Chapman Street.

About two acres of out-over land was burned over near Bethel airport. A spark from a tractor caused the blaze.

Deaths: George E. Buck, 16 YEARS AGO. A woods fire of about 35 acres near Hunt's Corner, Albany, the mill of Planders and Perkins located in the vicinity was threatened.

Deaths: Wilbur Wilson, Mrs. Charles L. Swan, Mrs. Frank King.

Lakewood Camps at Middletown became widely known when the best-seller, "We Took the Woods" was written about the area a few years ago. The camps are in an excellent section for fishing.

TODAY'S meditation

Thursday, May 29
Read Acts 8:1-8
These that have turned the world upside down are come hither also, (Acts 17:6)

SOMETIMES we see "Do Not Disturb" signs on doors to rooms in hotels or hospitals. These signs seem to hang also on the doors of some churches and minds.

We have come a long way since Pentecost, but some of our distance may have been in the wrong direction. Our own comfort, our consciences, our conduct have been dictated more often by respectability than by the implications of the gospel. Because we have been soothed by the gospel, our response to it does not disturb others — nor transform the world to which we have been conformed.

The early Christians gave themselves over to the power of Holy Spirit. As the result, they had a disturbing effect on others, who wondered and were amazed. Early Christians had the reputation of turning the world upside down. Because the Holy Spirit prompted them to good works, their jail sentences became titles of honor.

PRAYER: Our Father, when our lives are filled with self, the seeds of unhappiness are sown in us. Empty us of self that we may be filled with the Holy Spirit. Produce in us such fruit as love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control. In Christ's name. Amen.

COUNTRY FLAVOR
"WHITFOOTWILLS SLIPPERS"
The pink lady slipper is an appealing member of the orchid family. In a shadowy woodland where shafts of golden sunlight paint a pattern on the woodland floor, a patch of whitfootwills slippers is a beautiful picture. No one knows who gave this nickname to the fragile blossom on its single stem. Each crown has his favorite woodland scene, but few flowers excel in haunting loveliness pink lady slippers in a half-open pink shadowy spot in a peaceful woodland.

Some 30 species of hardy orchids are known, of which seven grow in the northeastern section of the nation. The name "orchid" refers to the shape of the largest petal, it is sometimes called the "moor-cow" flower, or Venus slipper. A century ago, old diaries and journals told of extensive woodlands of pink and snowy slippers. Now the ruthless and thoughtless tramping of the picnic has landed their beauty in the deeper woods and more inaccessible places.

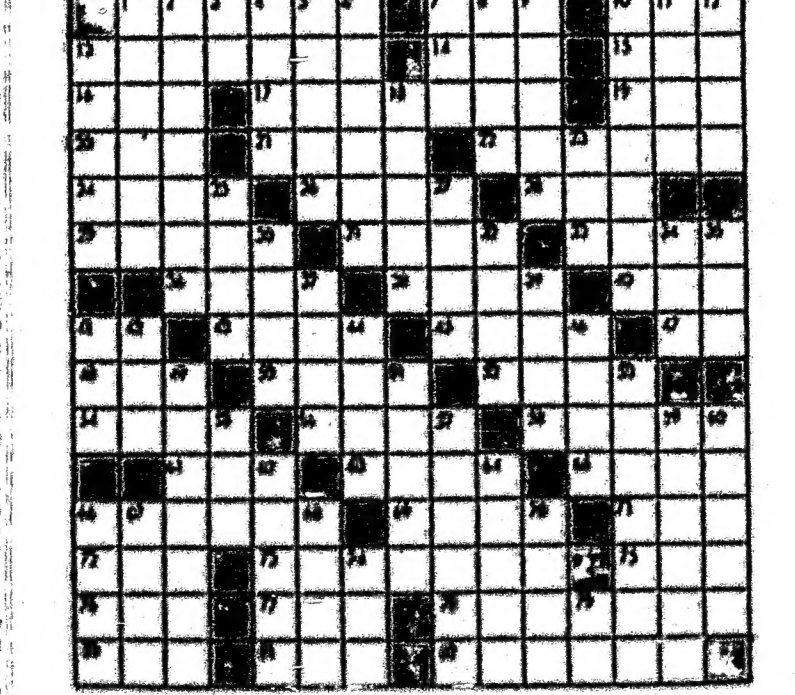

Fortunately, the pink lady slipper is an interesting plant because the petals in such a way that pollen cannot be transferred except by an outside agent. The bee, having gathered the nectar, has to push its way out beneath a stigma, the

sticky end of the pistil. Some of the pollen grains, rubbed onto the bee from crawling past the stigma, adhere to the stigma. From Canada, to North Carolina, and west to Minnesota, the beautiful pink blossoms make beauty for a brief time.

If you are fortunate enough to know the location of a patch of lady slippers deep in a moist and shadowed woodland, you have a sanctuary where you can absorb beauty and peace. Come now are the large areas of half a century ago, but those who know where the whitfootwills slippers bloom and who cherish the loveliness of one of Nature's most interesting flowers, can appreciate the picture without ruthless destruction of the plants. You can harvest the beauty of Nature's pictures in your heart and leave the beauty for others to enjoy.

COUNTRY FLAVOR
"WHITFOOTWILLS SLIPPERS"
The pink lady slipper is an appealing member of the orchid family. In a shadowy woodland where shafts of golden sunlight paint a pattern on the woodland floor, a patch of whitfootwills slippers is a beautiful picture. No one knows who gave this nickname to the fragile blossom on its single stem. Each crown has his favorite woodland scene, but few flowers excel in haunting loveliness pink lady slippers in a half-open pink shadowy spot in a peaceful woodland.

Some 30 species of hardy orchids are known, of which seven grow in the northeastern section of the nation. The name "orchid" refers to the shape of the largest petal, it is sometimes called the "moor-cow" flower, or Venus slipper. A century ago, old diaries and journals told of extensive woodlands of pink and snowy slippers. Now the ruthless and thoughtless tramping of the picnic has landed their beauty in the deeper woods and more inaccessible places.

Fortunately, the pink lady slipper is an interesting plant because the petals in such a way that pollen cannot be transferred except by an outside agent. The bee, having gathered the nectar, has to push its way out beneath a stigma, the

Yes, it could be you. You might
save for the careless driver who
starts a major forest fire, de-
stroying vital timber, ruining
recreation areas, killing wildlife
and jeopardizing the very future
of our country. Such a tragedy
can be avoided by taking a few
minutes to check the condition of
your car. A car which can run
safely is a car which can save.
Fact is, 9 out of 10 forest fires are
man-made. And with more peo-

1940, the need for care and con-

GOULD ACADEMY

The Rev. Gardner M. Day to speak at Gould Baccalaureate.

On Sunday, June 8, the Reverend Gardner M. Day will deliver the Baccalaureate address at Gould Academy. Mr. Day has been Rector of Christ Church, Cambridge, since 1945. Christ Church has a dual ministry to both residents of Cambridge and students at Harvard, Radcliffe, M. I. T., and many other educational institutions.

Mr. Day was graduated from Yale in 1922, was briefly in the Army in the First World War, received his M. A. in Philosophy from Columbia in 1925, and his B. D. from the Episcopal Theological School in Cambridge in 1928. After a year as Minister-in-charge of the Church of the Good Shepherd, Boston, he became Assistant Minister at Trinity Church, Boston. From 1929 to 1935 he was Rector of St. John's Church, Williamsport. From 1935 to 1941 he was Rector of St. John's Church, Wilkes-Barre, Pa. Mr. Day is a member of the Standing Council of the Diocese of Massachusetts and of the National Council of the Protestant Episcopal Church.

He is the author of several books, among which are "Old Wine in New Bottles," a modern interpretation of the Ten Commandments, "The Lord's Prayer," "Can We Believe in God?" and "Christ Speaks from the Cross."

Gould Academy won its eighth game in nine starts when they took the measure of Fryeburg here last Friday.

McAlister, visiting pitcher, did a great job in a losing cause as he allowed only 5 hits and struck out 10.

With Gould in a battle for the Western Maine Conference crown, Coach Bradley elected to use Jim Gould for the first time this year in the conference affair. He gave up 5 runs before being replaced by Al Sumner. Gould tied the score in the 4th when Saunders scored while an argument started with the umpire without time out. The winning run scored in the 4th when a third out fly ball was dropped in the outfield.

Gould Wins County Meet

Gould Academy's track and field squad successfully defended its Oxford County Track Championship by overwhelmingly defeating its other four contenders. The Huskies scored 20 points, which was more than the combined score of the rest of the field. Norway placed second with 23, followed by Mexico with 22, Oxford 12, Fryeburg 9 and Fryeburg 8.

Ray Whitten was the meet's high jumper with 18 points. Charles Truman of Norway was second with 15. Whitten won the high jump, the two hurdles race, and placed second in the broad jump. He is 15 seconds in the low hurdles and 109 seconds in the high hurdles. He now holds records in both races. Truman won the 100 and 200, and the broad jump.

The Saturday Evening Post and other magazines will take their charges to Waterville for the State Meet. Last year Gould made the poorest showing in many years, and they are hoping to regain a little of their prestige again. The competition will be tough, but the Huskies should pick up a good number of points. Head Coach H. H. Bradley has a number of men who should place in this year's State Finals.

Professor Herbert R. Brown to speak at Gould Commencement.

Professor Herbert R. Brown, PhD, LL.D., and Professor of English at Bowdoin College will speak at Gould Academy's commencement exercises on Sunday June 8 at 2 o'clock. Brown is one of the New England Quarterly and a Fellow of the American Academy of Arts and Sciences. He has been a visiting Professor of English at Columbia, Yale, the University of Minnesota, the University of Wisconsin, and the University of Michigan.

SCHOOL NEWS

Mrs. Heselwood's Room

In social studies we are reading about Faraway Lands. This week we have only four days of school, but we are going to have a softball game with Mrs. Hastings's room, but we had to postpone it, because of the band practice. Tomorrow we are going to have a movie on "America The Beautiful." Both 4th grades are invited to see it. We got three gold seals and one big seal with a blue ribbon—Donna Daye and Louann Brown.

Grade 4—Doris Lord

We were happy to receive a gold seal with blue ribbon in writing on Miss O'Connor's last visit. We had a week end Flower Contest, with Eleanor Mill and Ralph Jackson bringing in the most flowers. We are also finding the scientific name for each flower. Our Eight Parts of Speech Notebook was passed in this week. Some were cleverly done with pictures, in color, to illustrate each page. We have done number one in a book of designs. We plan to finish at least eight. The large South American map is well underway. We hope to have it on display at the library if it meets our approval.

Grade 5—Miss Varner

In Art we painted a tulip in water colors. In Science we have been studying the parts of flowers and drawing them. Our next topic in science is "Weather." A paper is to be passed in on June 3. Many people have brought insects to study. The Red Sox lost 5 to 4 to Bryant Pond Tigers last Thursday night. At a practice game the "Red Sox" beat the "Braves" 16 to 8. Douglass Bane hit two home runs. Our South American booklet is to be ready to pass in on Wednesday. Reporter, Mary Sweetser.

Grade 6

On Tuesday, May 27, 1958, Miss O'Connor, the writing teacher, came for the last time this year. Mrs. Lurvey's room received three more gold seals and a large one with a blue ribbon. Mr. Heino's room received the same. The class trip is the sixth of June. Graduation is the tenth of June. Monday, Tuesday and Thursday, the 4th grade class is going to the gym to practice graduation. Reporter, Pat McMillin.

Completed the nine inning game. Doug Rice led the Gould 13-hit attack with 3 for 5 including a 3-run homer over the left field fence. Saunders and Wheeler got 2 hits apiece.

For Bridgton Connell got 3 hits and McDonald 2. The losers left 13 men stranded during the game.

Gould Takes Paris 10-4

Gould Academy continued its winning ways by defeating South Paris here last Monday by a 10-4 score. Al Sumner pitched the complete nine innings and allowed 7 hits and struck out 12. It was a tight ball game for the first five innings with the score 4-2 in favor of the Huskies. In the sixth Gould clinched the affair with 4 more tallies. Gould collected 14 hits off Swan and Korak with Doug Rice leading with 3 hits. White and Cummins of the home team and Ladd of Paris each connected for 2 hits.

An 8-2 victory of Bridgton over Dixfield gives Gould a two game lead in the league.

SLOW DOWN TO LIVE ON HIGHWAYS

"Haste makes waste, particularly on the highway. It's a wise driver who slows down to live." John G. Ronayne of Portland, Maine Petroleum Association chairman advised today.

Mr. Ronayne, in announcing oil industry support for the summer "Slow Down and Live" program endorsed by Governor Muskie, noted that an estimated 10,000 of the nation's 28,700 traffic fatalities last year came in speeding accidents.

The "Slow Down and Live" campaign, sponsored by the Association of State and Provincial Safety Coordinators, runs from Memorial Day through Labor Day.

"Our state's many service station operators are happy to assist vacationing motorists in making their pleasure trips a success. That's why they advise keeping a light foot on the gas pedal, especially in the busy driving months ahead. Mr. Ronayne said he recommended occasional "coffee-breaks" as a means of staying alert on long trips.

It's a long, long time from May to September. Let's all enjoy it.

LAFF OF THE WEEK

"Now here's a nice little collection of repairs in just the price range you mentioned."

PICTURE BRIGHTER FOR FOOD SHOPPERS

The vegetable pictures look brighter for Maine food shoppers, says Mrs. Lucy Shelve, Consumer Marketing agent for the Extension Service. Larger supplies of vegetables are coming in from Florida and other states along the Atlantic coast. There is also a lot of activity in the fields of southern Maine, as

growers prepare their land. Chicory and escarole are reasonable in price. Budget-minded shoppers will find good values at the dairy counter, continued Mrs. Shelve. Cheddar cheese, cottage cheese and eggs are excellent buys at this season.

New Waterways Opened For Trailer-Sailors

By Jeanne Smith, Dodge Safety Consultant

MODERN BOAT TRAILERS, sturdy and flexible, have been instrumental in opening up new waterways to outboard boaters, according to boating safety authority Don Guerin, president of the American Power Boat Association.

The combination of boat and car permits a boater to explore a new locale every day. Trailer-sailors are not blocked by the end of a lake or highway. Guerin points out. They have the amphibious equipment to enjoy their trip on land and water.

Safe boating, says Guerin, hinges on three simple rules, plus some practice to acquire confidence.

HITCH: Your hitch should be bolted to the frame of the car, not to the bumper, for utmost security. Supplement your hitch with a safety chain, just in case of hitch failure.

Lighter trailer laws vary, three sets of trailer lights—stop, tail and directional, as on your car—will meet the strictest requirements and give you the best margin of safety.

UPKEEP: Regular lubrication is important, especially for the coupling. Wheel bearings require packing more often than on your car, particularly after salt-water immersion.

Miss Smith

Handling: Forward progress with a trailer hitched onto your car is not difficult. It requires just a little practice to get used to the wider turns, extra weight and more gentle backing.

Backing a trailer, however, can be troublesome even after practice. Main thing to remember, of course, is that you steer left to make the trailer go right. It sometimes helps to imagine that the back of your car is the front as you maneuver. Some boaters even attach another hitch to their front bumper for close maneuvering. This has the added advantage of keeping your rear (or power) wheels on firmer ground when launching on soft damp ground.

And if your rear wheels do get stuck, remember that old trick for doubling your traction—release about one-third the air from the rear tires. This often will get you out, still leaving enough air to get to a filling station.

With up to 70 horsepower available this year in outboards, boaters will make more use than ever of modern boat trailers to get the full benefit of their new toys for cruising, water skiing, fishing and family fun on the water.

These few safety hints, says Guerin, will keep outboard boating among America's safest family recreations.

Brownie Troop 2 and leaders Betty Brown, Beatrice Brown and Elizabeth Wheeler had a picnic May 24 at "Bear's Nest" at Songo Pond. After all the leaders and Brownies arrived at the camp the Brownies formed their horseshoe first singing "Hello Song" and held their flag ceremony with Flag Bearers Jean Robinson and Elise Holmes. Guards Wendy Wheeler and Sue Wheeler, with Vivian Brown giving commands. After the ceremony Brownies counted off by twos and had a scavenger hunt and a treasure hunt. Heidi Clines found the treasure. The Brownies then enjoyed a hot dog roast, punch, ice cream, and cup cakes. After dinner they went on a hike through the woods looking for wild flowers. After the hike they had a bubble gum contest. They finished by forming the Circle and singing Taps.

Girl Scout Troop 1 met at the home of Mrs. Robert Keniston on Tuesday. A short business meeting was held. The girls marched to the Legion Rooms where we had a guest speaker, Miss Elaine Perry from West Paris. She talked with the girls about the Girl Scout "Camp Gayle," which she attended six years. The girls were very much impressed and delighted to go to camp to open.

HERE WE GO AGAIN

Readers of the news coming out of Washington, D. C. must be getting that "here we go again" feeling. It's about as certain as anything can be that a big federal deficit—perhaps totaling many billions in a single year—is looming.

Without arguing the pros and cons of deficit spending, one thing can be said with certainty: the greater the deficit, the greater the chance will be of uncontrollable inflation. Other countries have been racked with depression accompanied by ever-soaring prices. We aren't immune necessarily to the same fatal disease.

There are ways to hold the deficit to the lowest figure. One is to cut costs and spending in all the non-essential areas of government activity.

Another has to do with commercial services which the government provides. The charges for these should wherever necessary, be increased to the point where they pay all the bills.

Many examples could be listed here. An excellent one is parcel post. It is a purely commercial service if there ever was one. It is competitive with taxpaying private carriers, national, regional and local. It is not a basic portofolio function. To cap the climax, it has commonly been operated at a loss which means that all the taxpayers pay a part of the bills of those who use the service.

Postoffice charges are in the news now, with bills under consideration for raising rates generally. Let's not overlook parcel post.

4-H ENROLLMENT SET NEW HIGH

This past month (April) saw Maine's total 4-H enrollment go up to 8,744 young people, 441 more than a year ago. During the month of April, 560 new members joined 4-H Clubs in Maine. 4-H CLUB NEWS

The Spoon and Hoe 4-H Club of Bethel met May 24 at the home of the leaders, Honey and Timmer Bailey. The President opened the meeting. We pledged the flag, and sang our song. We had our meeting out side. There was a maypole set hung on our leaders. Last one caught was Irving York. The girls went inside and worked on their wire, pin cushions. Refreshments were served. Mavis Swan gave a demonstration on how to make chocolate milk. Games were enjoyed after. Respectfully submitted, Jane Luxton.
